About Us

Queensland Family Law Practice is centered around the ethos of empowering people through the legal process. Winning a matter means different things to different people. The ability to obtain a good Court Order is only part of our role.

The true art of great legal representation is understanding that clients have emotional needs that require addressing and knowing how to fulfill those needs throughout the legal process.

Our goal is to ensure that each and every client has the support and tools to move forward in their life after the legal process has come to an end. This is what Queensland Family Law Practice does best.

76 years of Family Law experience to work for YOU!

Our core ethos is "We've got you". It is integral in how support our clients and each other within our team. That is why our name is not just the law we practice, it is how we show up...as family.

Meet the CEO

TRACEY MCMILLAN CEO

When I started this firm in 2010 I wanted to create a firm that was different from the normal boring stuffy shirt-type firm. I wanted to create an atmosphere where people didn't feel intimidated by their lawyer but rather felt that they were having a conversation with a friend.

I firmly believe that it is not a lawyer's place to judge someone's story by the chapter we walk into. In saying that every single staff member at Queensland Law Practice is selected for their ability not just to communicate but to connect with clients.
